

Webster Volunteer Fire Department Inc.

Dear Webster Community,

The Webster Volunteer Fire Department has carefully reviewed the decision regarding hosting the 2020 Fireman's Carnival. We regret to inform you that we are canceling the carnival and parade this year slated to be held July 15th through the 18th. The health and safety of our residents and surrounding communities continue to be our biggest priority and we feel that this is in the best interest for everyone. This decision has not been made lightly as we have never had to cancel the carnival in the over 80 years of its operation. We know that our event is a staple to the Webster community as well as for local business in our area.

Since the carnival is our single largest fund raising event for our department. We hope that you would please consider donating to the Webster Volunteer Fire Department during our upcoming annual fund drive or via our website at www.donatewvfd.org. The Webster Volunteer Fire Department continues to be 100% volunteer. The department is always looking for new members to assist with serving the residents we protect and applications can be found on our website and submitted any time to 35 South Ave, Webster N.Y. 14580.

As a community we will get through this together and will be eager to see everyone again for the 2021 Webster Fire Department Carnival.
