

NORTH EAST JOINT FIRE DISTRICT

Media Release

April 12th, 2025
2nd Alarm Structure Fire
655 Basket Road
Webster, NY 14580

On Saturday, April 12, 2025, at 10:43 AM, the Webster Fire Department was dispatched for an automatic fire alarm activation at Boulter Industrial Contractors Inc., located at 655 Basket Road in Webster, NY.

First-arriving crews encountered smoke showing from the structure. An aggressive interior attack was initiated, successfully containing the fire to its area of origin. A properly functioning fire alarm and sprinkler system played a critical role in early detection and helped prevent the spread of the fire prior to the fire department's arrival.

The cause of the fire remains under investigation by the Monroe County Fire Bureau.

We would like to thank our mutual aid partners for their valuable assistance during this incident.
